

Type of Request: Extension of a currently approved collection.

Affected Public: Paid and complementary subscribers to Public Roads magazine.

Abstract: This study is pursuant to President Clinton's Executive Order 12862, which requires all agencies to identify their customers, survey their satisfaction with current services, set standards for service and measure results against them. In addition, a nationwide census of readers was conducted in 1995 to gauge the overall satisfaction of readers and to measure, in particular, reader satisfaction with significant changes that had been made in the magazine's design and content, subject scope, and audience. Now, it is time to survey a sample of the readership and compare the results to the benchmark established in 1995. Also, the results of this survey will form the basis of a major, direct-mail campaign to increase the number of paid subscribers.

Estimated Annual Burden Hours: 375 hours.
